Modification of SI as follows:

### 10 Scoring

- 10.1 For Offshore race result will be determined by corrected times calculated by the PCS for Coastal/Long distance Selected Courses. All boats (ORC and Open Boat) will be scored in real time too. The decision on the scoring method and scoring parameters used will be at the sole discretion of the Race Committee and together with length of course, directions of leg and the wind speed will not be grounds for request for redress by the boat. This changes RRS 60.1(b).
- 10.2 For Inshore Race: Windward/leeward race results will be determined by corrected times calculated by the Performance Curve Scoring. Scoring corrected times are calculated from the highest “Implied Wind” of the best boat in the race is then used as the wind speed for corrected times calculations. The length of course, directions of leg and the wind speed will not be grounds for request for redress by the boat. This changes RRS 60.1(b).
- 10.3 The Regata will be valid if at least one Inshore Race will be finished. One discard will be allowed if 4 or more races are completed.
